

RESERVE WINE

We highly recommend these reserve wines for a special occasion. Reserve wine traditionally boasts a higher quality and is of limited quantity. It is sometimes saved by vintners for those special moments, rather than being sold.

These selections come from esteemed vineyards and vintners that have a Notre Dame connection.

Morris Inn proudly showcases an individual winery and its unique connection to the Golden Dome at our monthly Sorin's Wine Academy Dinners. It is an opportunity to hear about the vintner's time at Notre Dame, and to learn about their winemaking traditions.

In addition, the Quinn Family Room is available for up to 10 people to enjoy private tastings of the Sorin's Wine Academy feature of the month.
